

# NINJA GRIPS™

## Step 1:

Hold (or lay) the Ninja strap with the logo side up, and the loop position as shown.

## Step 2:

With the logo facing down, feed the loop through the Ninja Grip.

## Step 3:

Feed the opposite end of the strap through the other end of the strap.

## Step 4:

Pull the strap all the way through and tighten the knot at top of the Ninja Grip.

## Step 5:

Place the carabiner through the loop of the Ninja strap and slide the lock sleeve over the locking nut. Place the strap over the bar with the daisy chain loops facing outward.

## Step 6:

Place the carabiner through the loop in the daisy chain and tighten. Position the lockingsleeve over the nut and with a hair dryer or heat gun, heat the lock sleeve until it secures the carabiner in place.
